Funding & Fees

User Choice Traineeships

An apprentice or trainee is a person employed under a training contract, providing a combination of employment and structured training designed to give employees the vocational skills essential for their chosen career paths.

Traineeships offer the ability to 'learn and earn' from day one.

Certificate 3 Guarantee (C3G)

C3G is a Queensland Government initiative which reduces the cost of the course to the participant. C3G is targeted at Certificate III level qualifications because Certificate III is the entry-level qualification most often needed to gain employment in many industry sectors.

C3G increases your employment opportunities.

Higher Level Skills (HLS)

The Higher Level Skills Program provides a government subsidy to support eligible individuals to access one subsidised training place in selected certificate IV level and above qualifications, or priority skill sets. It is a key initiative under the Queensland Government's five-year training reform action plan, Great skills Real opportunities.

HLS helps you advance your career.

Engaging Communities for Learning Program (ECFL)

ECFL targets disadvantaged learners for whom education and training opportunities have traditionally been poor. The training is provided in less formal settings and tailored to an individual's needs and abilities.

ECFL helps people with diverse learning needs to gain qualifications up to certificate III level.

Fee-for-Service

Our Fee for Service (FFS) qualifications are delivered flexibly, allowing the participant to choose the delivery model that best suits them. With options for class-based workshops or distance learning, CEDAR Centre can provide a training solution to meet your needs.

FFS helps people advance their careers allowing flexibility to meet the demands of all parts of their lives.
